

# Space Camp

August 19-23 10:00 a.m.—1:00 p.m.

Supplementing our ***Universe of Stories*** summer reading theme, this is a weeklong series of STEAM activities, including:

- modelling the moon phases and the solar system
  - demonstrating gravity and weightlessness
  - debating the colonization of space
- using green screen and 3D design technology.

For tweens and teens 10 +up.

This is a free camp: Thanks to the **Friends of the Ringwood Library!**

Space is limited!
